

Post-Doctoral Researcher, 100%

We are looking for a full-time post-doctoral researcher with a strong empirical background and an interest in the economics of innovation, digitization or entrepreneurship, broadly defined.

About the position

The successful candidate will become a part of the department of Business Administration of the University of Zurich, a leading research-oriented and international university that provides a stimulating, dynamic, and collegial working environment. In particular, the successful candidate will:

- Develop, manage, and publish high-quality research projects within the field of the economics of innovation, digitization or entrepreneurship.
- Assist in teaching activities and/or in the supervision of Bachelor and Master's theses.

Required profile

The successful candidate should have the following qualifications:

- PhD in Economics, Management, Marketing, Information Systems, or a related discipline. Candidates who are close to PhD completion will be considered.
- Strong interest in empirical research in general, ideally related to the economics of innovation, digitization or entrepreneurship.
- Very strong background in econometrics and quantitative research methods.
- Demonstrated ability to carry out independent empirical research and the potential to publish in high-impact journals.
- Ability to work both independently and in a team, with good organizational and communication skills. Strong command of English, written and spoken. German is not required but an advantage.

What we offer

- The opportunity to work on cutting-edge projects and to develop an own research agenda.
- Interesting work as part of a dynamic team in a friendly working environment.
- The possibility to interact with internationally renowned scientists.
- A highly competitive salary in accordance with the salary guidelines/scale of the canton of Zurich. A travel budget to present your work at international conferences and the means to buy data.
- An impressive track record of academic and industry placements.

How to apply

To be considered for this position, qualified applicants are requested to enclose the following documents **in a single PDF** when sending their application:

- Cover Letter
- Curriculum Vitae (including list of research papers/publications)
- Research Statement
- Job Market Paper (and/or other research papers)

The documents should be sent with the subject line "PostDoc Prof. Kaiser" to the following email address: entrepreneurship@business.uzh.ch. The deadline to apply is **September 15th, 2024**.

Start of employment: **November 1st, 2024** or by arrangement. The research activities will be carried out in Zurich (Plattenstrasse 14, 8032), Switzerland, where the candidate should take residence.
