

Research assistant position

University of Zurich,
Department of Business Administration (Institut für Betriebswirtschaftslehre)

Division

The Professorship for Managerial Economics at the Department of Business Administration at the Faculty of Business Administration, Economics and Information Technology at the University of Zurich is looking for a **research assistant**.

What we are looking for

We are seeking a talented student who is passionate about education and technology. The ideal candidate will help us study the impact of educational policy on educational choices of Swiss students.

Responsibilities

- Cleaning and merging large confidential Swiss data sets and running estimation models.
- Because the data are confidential, upon starting employment the successful candidate will need to sign a confidentiality contract with the Swiss Federal Statistical Office.

Requirements

- Matriculated student (ETH, University) in a master's degree
- Excellent coding skills in Stata
- Very strong knowledge of microeconometrics
- Fluent in English, good knowledge of German and/or French
- High degree of responsibility and motivation
- Strong interest in technology and education
- We expect an occupation rate of *at least 20%* during the semester with preferably a higher rate during the summer months.

We offer

We are experienced researchers working on state-of-the-art topics and offer you an insight into cutting edge research with the advantage of working under flexible hours.

Starting date

As soon as possible. At the latest August 1, 2024.

carmit.segal@business.uzh.ch

Applications

Please send your application in a **single pdf-document**. The application-package should contain the following items:

- motivation letter (two pages max., please also indicate your availability to work in the next few months and your ideal start date)
- curriculum vitae
- transcripts of university grades

Application's deadline: Applications reviewed on a rolling basis until filled.
